

FSNE 2004 – 2005 UConn Overall projects: Final Report contact Summary Data

**INDIRECT CONTACT WITH PERSONS**

**Report contacts made through the delivery of nutrition education to a person through an in direct or generalized strategy, such as health fairs, waiting room brochures, distance education, newsletters and social marketing campaigns. Please report the number of contacts made with people (FSP participants and non-participants) NOT the actual number of people. Example: If 250 FSP participants each receive four newsletters, report 1,000 FSP participant contacts. If you made 400 additional contacts with other low-income persons via newsletters, record a total of 1,400 contacts.**
